Royal Ark Mariner Lodge
No.443

REPORT FOR THE ANNUAL GP COMMITTEE MEETING

The Lodge continues in good spirits with a very happy band of members.

For our October meeting the Lodge was very grateful to RWBro. Michael Meade PPGM, for a most interesting and thought provoking talk.

At the November meeting there was a talk on entitled “Whatever happened to the Grand Lodge of Royal Ark Mariners”

At the January meeting Members of the Lodge gave an explanation of the RAM Tracing Board which was well received.

Our Installation meeting in March saw WBro. John Mussell handing over to WBro. Steve Rayment.

Sadly, on 16th February, WBro. (Wally) Simmons passed the Grand Lodge above. Wally was Elevated into this Lodge in 1981 and Installed as Commander in 1986. He maintained regular attendance until well into his nineties. He is sadly missed as an inspiration to us all.

Yours sincerely & fraternally,

Jan Gibson

Scribe.
